 Ground segments  
 Balloons  
 Transversal competencies

Toucan Space allows anyone to send anything in space (suborbital flights) or to the International Space Station (ISS).

## COMPETENCIES & CAPABILITIES

- marketing in space;
- democratization of space;
- space tourism.

# TOUCAN SPACE

## PRODUCTS & SERVICES

Toucan Space is the first company in the world allowing people to send any object to space or the International Space Station. Send some stickers, postcards, clothes or anything in space or to the International Space Station (ISS).

## MAJOR SPACE PROJECTS & REFERENCES

Toucan Space has flown twice to the International Space Station and 3 missions are coming soon. Toucan Space will fly on a suborbital flight in April.
